

MY BEST FRIEND MOM

An Introduction to My Mom

My mom is really pretty and she has the best smile. She always smells like flowers and she is very smart. She knows how to do everything! She is like a **chef** because she cooks the most yummy food in the world. She is the leader of our house, but she is a very kind leader. I want to be just like her when I grow up!

My Best Friend Mom - Women's Day

Today is a special day called Women's Day! It is a day for celebrating amazing women and moms. My mom is my best friend in the whole wide world. We do so many things together, and she never gets tired of playing with me or listening to me.

She is Very Nice

My mom is so nice to me every single day. Even when I am grumpy or if I make a big mess, she just gives me a hug and helps me feel better. She always listens to my stories about school. I really, really **like** her because she is my favorite person to talk to. She is never too busy for a hug.

My Mom Solves Every Problem

My mom is the most **helpful** person ever. Whenever I have a problem, I don't have to worry because **she solves every single one**.

- If I am sad, she knows how to make me laugh.
- If my homework is too hard, she explains it until I get it.
- If I lose my favorite toy, she finds it in two seconds!

She is so **good** to me and she always makes sure I am happy and safe. She is like a superhero, but instead of a cape, she uses her big heart (and her yummy cooking) to make everything better.

I Love Her So Much

I love my mom more than all the stars in the sky and more than a thousand chocolate cakes. She is my best friend and I am so lucky that she is MY mom. Thank you, Mom, for being so sweet and for helping me every single day.
